General Cabell:

Mr. Kirkpatrick was also asked to discuss this problem with the Killian Committee the next time they meet in November. ACTION: DD/I and IG.

intelligence community without checking with appropriate members concerning their respective interests in such situations. He pointed out that taking such unilateral action might well damage good relations which have been built up over a period of years. Mr. Wisner stated that he thought it would be helpful if the Acting Director would discuss this point at the Senior Staff meeting on Monday, 1 October. General Cabell agreed to do so. b. Stated that the members of the President's Board on Foreign Intelligence have requested that at future meetings they would like to have briefings on current intelligence estimates, either just issued or in process. Mr. Amory undertook to see that this was done. ACTION: DD/I

c. Noted that the President's Board is presently considering November 7, 15 and 28 as alternate dates for their next scheduled meeting.

d. Said he had been advised by Mr. David K. E. Bruce, new member of the Committee, that it has been proposed that he (Bruce) make a survey trip to the Far East on behalf of the Committee. Mr. Wisner added that in a conversation he had had with Mr. Bruce, Mr. Bruce had stated how much impressed he had been with the thoroughness of the report prepared by Dr. Killian on his trip to Europe. Mr. Bruce noted that he would certainly need some staff assistance if he undertook the trip to the Far East.
